Dear Dale:

This correspondence is in response to our telephone conversation of December 5, 1984 concerning Anaconda's annual report to your office of our activities at the Jackpile-Paguate Mine site.

During calendar year 1983, Anaconda's activity on the former mine lease area has been confined to minor erosion repair, limited security and environmental monitoring as per agreements with the BLM.

Please contact me if you have any questions regarding this matter.

Sincerely,

Meade A. Stirland
